6.

lt-du-a

\_\_\_\_\_

Read and circle the correct words.

- A squirrel  climbs  drinks a tree.
- My sister was  born  built yesterday.
- A baby kangaroo is called a  kitten  joey .
- My  belly  shoulder is between my chest and my legs.
- A child will become a(n)  plant  adult .
- Kangaroos keep their babies in their  clothes  pouches .

## What Did I Learn?

**Read and complete the answers.**

1. How long is a joey when it is born?

⇒ It is only \_\_\_\_\_.

2. Where does a joey stay for two months?

⇒ It stays inside \_\_\_\_\_.

3. When does a joey become an adult?

⇒ It becomes an adult \_\_\_\_\_.

its mother's pouch

after two years

2.5 cm long

**Cross out the mistakes and rewrite the sentences.**

1. An adult kangaroo is called a joey.

An baby kangaroo is called a joey.

---

2. A mother kangaroo has a pouch on its back.

---

3. A joey stays inside the pouch for two hours.

---

4. A joey will have its own puppies.

---

## Review the Words!

Find, circle, and write the words.

1.

beflapow

2.

heasweat

3.

bloodvlod

4.

temperaturev

5.

cstorkperh

6.

ocool offtu

Read and circle the correct words.

- A bird   its wings to fly.
- Water boils at a   of 100°C.
- Eating ice cream helps me  .
- have long thin legs.
- A nurse takes some   from my arm.
- I   a lot when I exercise.

## What Did I Learn?

**Read and complete the answers.**

1. What do some animals in hot places do?

➔ They control their \_\_\_\_\_.

2. How does storks' poop help them stay cool?

➔ When the poop dries, it \_\_\_\_\_.

3. What do elephants use as fans?

➔ They use \_\_\_\_\_ as fans.

body temperatures

their ears

carries heat away

**Cross out the mistakes and rewrite the sentences.**

1. Storks use their tears to cool off.

\_\_\_\_\_

2. Horses' sweat takes the blood from their bodies.

\_\_\_\_\_

3. Hippos roll around in ice to stay cool.

\_\_\_\_\_

4. Elephants spray their ears with sand and flap them.

\_\_\_\_\_
