Introduction

Bricks Writing 50 is a three-level writing series designed specifically for young learners. This series helps learners understand the concept of constructing sentences from individual words and provides practice in writing simple sentence patterns. Throughout this series, learners explore various sentence structures to gradually develop their language.

Warm Up encourages learners to share their thoughts about the topic of each unit. It allows learners to listen to the unit words in sentences.

Writing Exercises allow learners to improve their understanding of the words and sentences they encounter through the unit.
