Ni Hao Chinese 2

See with Your Eyes!

This book allows children to naturally feel Chinese as they follow the stories woven together with the main characters NanNan, BeiBei and their friends, and feel as if they are reading a fairy-tale book while looking at the bright and cute illustrations.

Listen with Your Ears!

One of the quickest ways to learn Chinese is to listen often. Listening to the fun audio recordings help children to familiarize themselves with Chinese.

Repeat with Your Mouth!

Children learn key sentences by repeating easy and simple expressions several times, and practice pronunciation consistently in each unit. In addition, children can have fun learning Chinese by singing along to the songs scattered throughout the book.

We think it's most important to be interested in studying first. It is our hope that with this book, children will find learning Chinese to be fun and easy, and that they become excited with each word and phrase they learn, resulting in developing a familiarity with the language.

Finally, we would like to thank to our family and Mr. Jang Seok-Min, a teacher at the Zhao China Academy, who have always supported us. Also, we would like to express our sincere gratitude to Ms. Park Jeong-Mi and Ms. Park Mi-Gyeong of "Chinabox" who gave us the opportunity and courage to write this book, and to the Jplus Editorial Team and Ms. Yi Gi-Seon who helped us a lot building up to the release of this book.
