How to Use This Book

Each unit in *Vivid Reading with Fiction Starter* has eight parts, plus additional review after every eight units and consolidation activities in the workbook. These parts work together to lead students from reviewing phonics, visualizing the meaning of target vocabulary, and thinking about the unit's topic to reading a passage and checking comprehension. After reading the passage and completing a comprehension check, students practice writing, review target vocabulary, study the basic sentence patterns used in the passages, and practice listening comprehension and pronunciation. The audio recordings of the passages and the listening activities are provided through QR codes. The function of each section is as follows.

Provides a chant to increase students' interest

Sight Words
