INTRODUCTION

This is a story by Walter Scott, a writer from Scotland. Scott wrote this story in the early 1800s, but the story is about England in the 1100s. When Scott wrote the story, it was very popular. It is still popular today.

The knight named Ivanhoe is mostly at the beginning and end of the story. The middle of the story is filled with other important characters. Though *Ivanhoe* is not about real people, there is some real history in the story.
