Year 4 Practice Book 4C

White Rose Maths Edition

What did you do in
maths in Year 4?

Draw or write what you
enjoyed doing most.

This book belongs to _____ .

My class is _____ .

Series editor: Tony Staneff

Lead author: Josh Lury

Consultants (first edition): Professor Liu Jian and Professor Zhang Dan

Author team (first edition): David Board, Tim Handley, Derek Huby, Timothy Weal,
Paul Wrangles and White Rose Maths (Emily Fox, Jilly Todd and Rachel Webster)

Contents

Unit 11 – Decimals (2)

Make a whole	6
Partition decimals	6
Flexibly partition decimals	9
Compare decimals	12
Order decimals	15
Round to the nearest whole	18
Halves and quarters as decimals	21
End of unit check	24

Unit 12 – Money

Write money using decimals	27
Convert between pounds and pence	29
Compare amounts of money	29
Estimate with money	32
Calculate with money	35
Solve problems with money	38
End of unit check	41

Unit 13 – Time

Years, months, weeks and days	47
Hours, minutes and seconds	49
Convert between analogue and digital times	49
Convert to the 24-hour clock	52
Problem solving – convert units of time	55
End of unit check	58

Unit 14 – Geometry – angles and 2D shapes

Identify angles	61
Compare and order angles	64
Triangles	66
Quadrilaterals	66

This looks like a good challenge!

Polygons	78
Reason about polygons	81
Lines of symmetry	84
Complete a symmetric figure	87
End of unit check	90
Unit 15 – Statistics	93
Interpret charts	93
Solve problems with charts (1)	96
Solve problems with charts (2)	99
Interpret line graphs (1)	102
Interpret line graphs (2)	105
Draw line graphs	108
End of unit check	111
Unit 16 – Geometry – position and direction	114
Describe position	114
Describe position using coordinates	117
Plot coordinates	120
Draw 2D shapes on a grid	123
Translate on a grid	126
Describe translation on a grid	129
End of unit check	132

It's time to do
some practice!

How to use this book

Do you remember how to use this **Practice Book**?

Use the **Textbook** first to learn how to solve this type of problem.

Identify angles

Discover

Hedges

Bench

Share

a) Angle a is the same size as the angle of the corners of the bench, so it will fit neatly here.

Angle b is larger than the angle of the corners of the bench, so it can be placed here.

Angle c is smaller than the angle of the corners of the bench, so it cannot be placed here.

b) All of the angles measure the turn between two hedges of the garden.

Angle a is a quarter turn or a right angle. Angle b is larger than a right angle. Angle c is smaller than a right angle.

Acute is an angle less than a quarter turn. Obtuse is an angle greater than a quarter turn.

Identify angles

a) Tick the acute angles.

b) Tick the right angles.

c) Tick the obtuse angles.

This shows you which **Textbook** page you need.

Have a go at questions by yourself using this **Practice Book**. Use what you have learnt.

Challenge questions make you think hard!

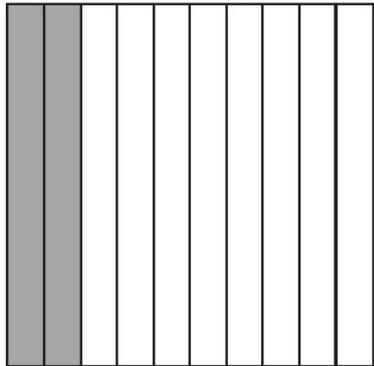

Questions with this light bulb make you think differently.

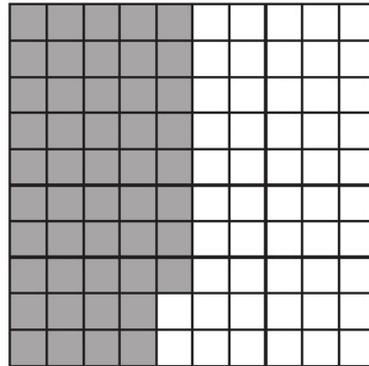

Make a whole

1 Use the grids to complete the additions.

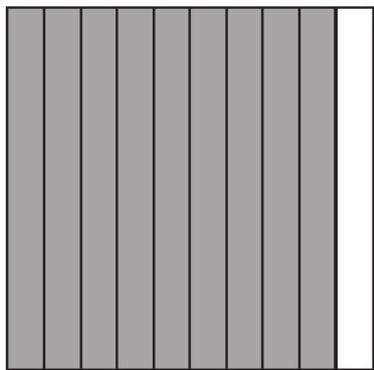

a) $0.2 + 0.\square = 1$

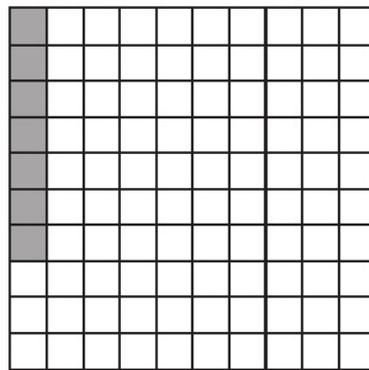

c) $0.48 + 0.\square = 1$

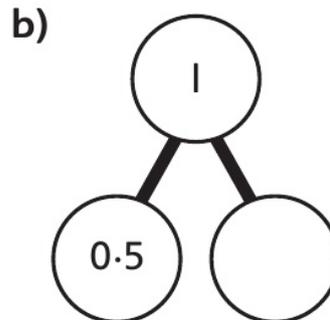

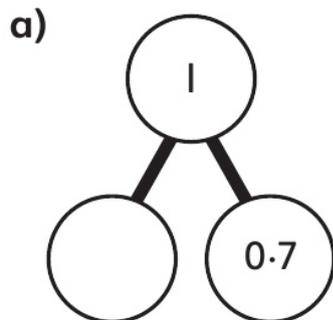

b) $0.9 + 0.\square = 1$

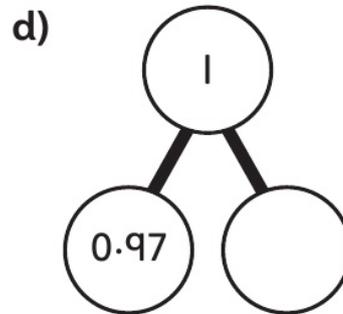

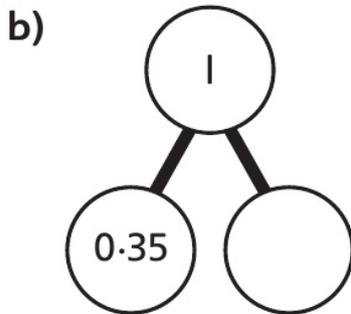

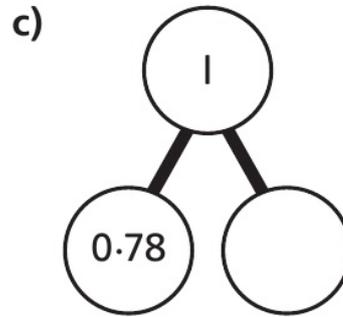

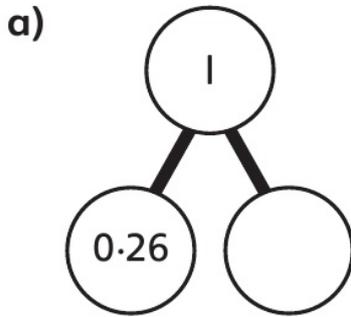

d) $0.\square + 0.\square = 1$

2 Work out the missing numbers. Complete the part-whole models.

3 Complete the part-whole models.

4 Complete the calculations.

a) $0.6 + \square = 1$

e) $0.33 + \square = 1$

b) $1 = \square + 0.84$

f) $0.89 + \square = 1$

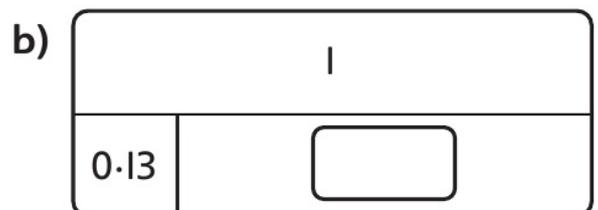

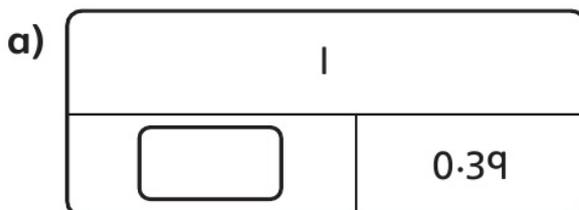

c) $0.32 + \square = 1$

g) $1 - 0.7 = \square$

d) $\square + 0.09 = 1$

h) $1 - 0.34 = \square$

5 Work out the missing numbers.

6 Complete the calculations.

a) $0.\square3 + 0.7\square = 1$

d) $0.3\square + 0.\square = 1$

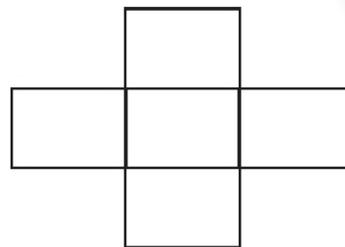

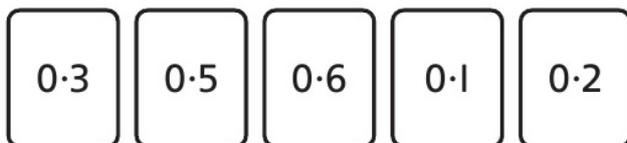

b) $0.\square5 + 0.2\square = 1$

e) $0.3\square + 0.\square = 1$

c) $0.\square + 0.\square8 = 1$

f) $0.3\square + 0.\square = 1$

7 Use the number cards to make each row and column add up to 1 whole.

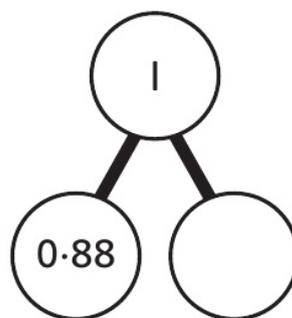

CHALLENGE

Reflect

Max says, '0.22 is the missing value.'

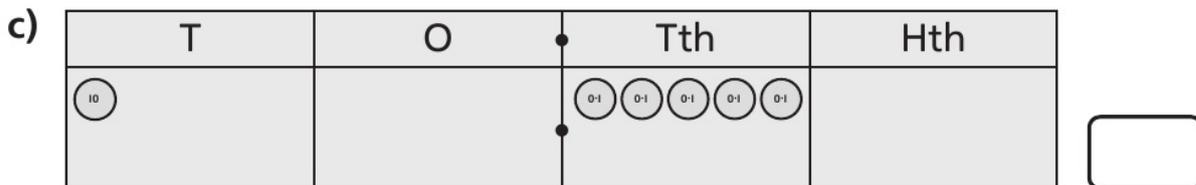

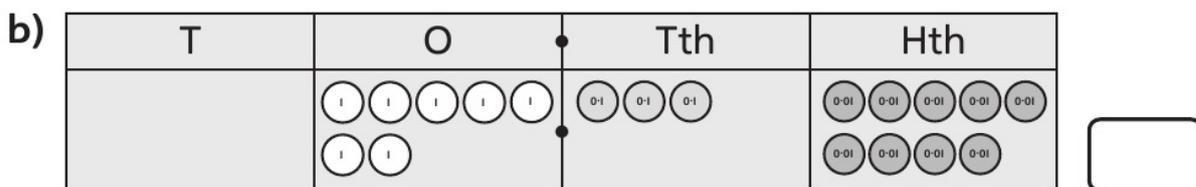

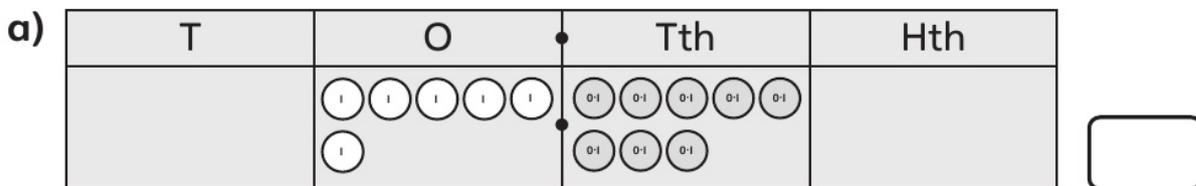

Explain why Max is not correct.

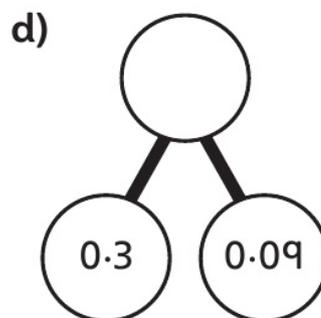

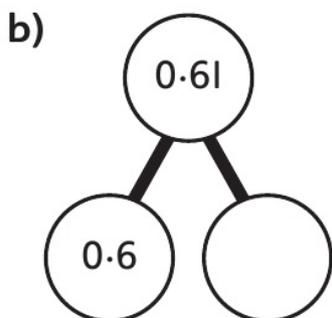

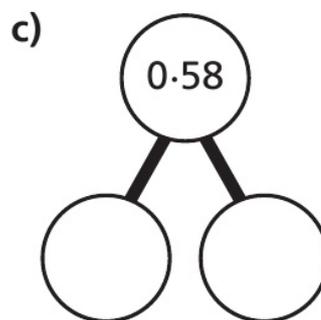

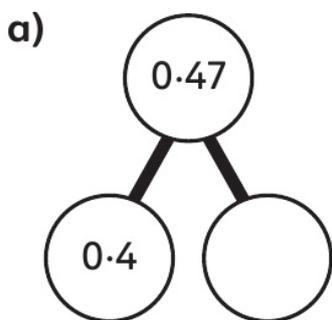

- _____
- _____
- _____
- _____

Partition decimals

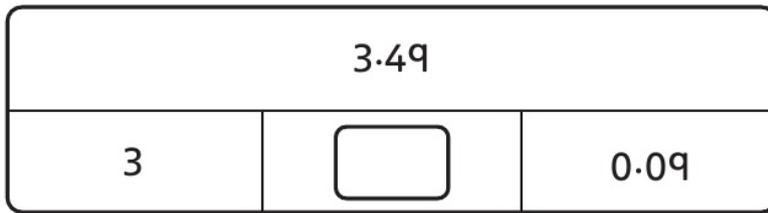

1 What numbers are shown on the place value grids?

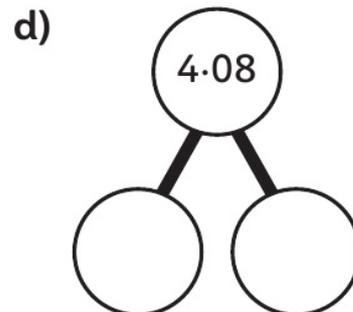

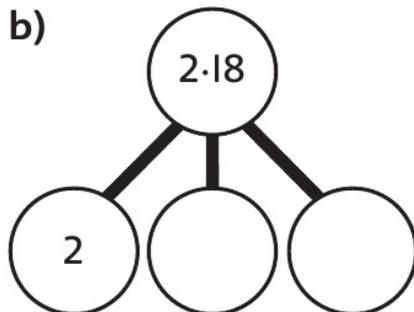

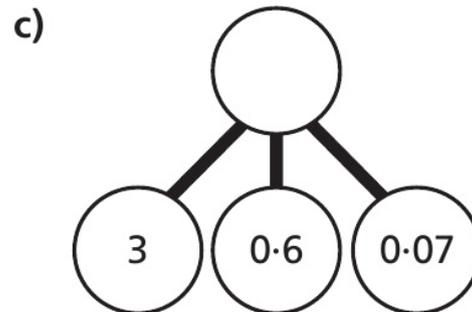

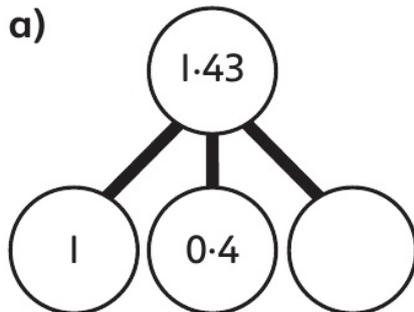

2 Complete the part-whole models.

3 Complete the bar model.

4 Complete the part-whole models.

5 Complete the table.

a)	7 ones + 2 tenths + 1 hundredth	$7.\square$
b)	2 tens + 9 _____ + 3 tenths + 4 _____	$\square 9.\square 4$
c)	1 ten + 7 ones + 1 hundredth	$\square \square.\square$
d)	5 tenths + 3 hundredths	$\square.\square$

6 Complete the additions.

a) $0.65 = 0.6 + \square$

e) $\square = 0.01 + 0.6$

b) $0.39 = 0.3 + \square$

f) $2.38 = 2 + 0.3 + \square$

c) $0.87 = 0.07 + \square$

g) $3.15 = 3 + \square + 0.05$

d) $\square = 0.6 + 0.01$

h) $\square = 1 + 0.9 + 0.02$

7 Mo, Emma and Danny are playing a number game. Each child gives one clue. Draw lines to show which number matches each child.

CHALLENGE

8.24

4.24

4.27

My number has 2 tenths.

My number has the same quantity of ones and hundredths.

My number has 4 hundredths.

Mo

Emma

Danny

Reflect

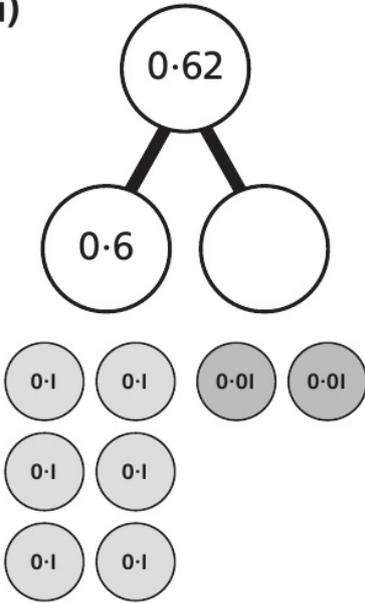

Write down a decimal and ask a partner to partition it.

- _____
- _____
- _____

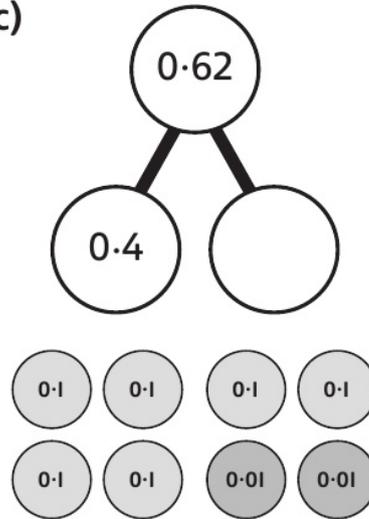

Flexibly partition decimals

I Complete the part-whole models.

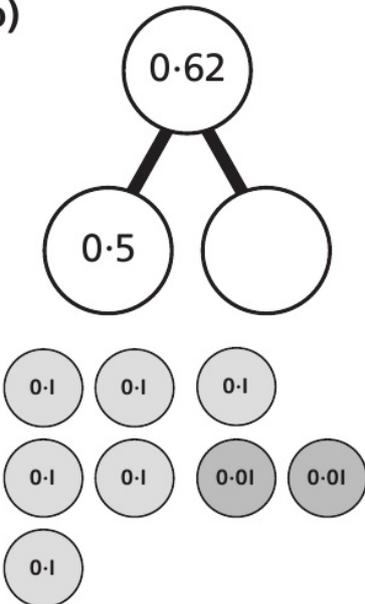

a)

c)

b)

d)
