Introduction

Happy Grammar is a student-friendly, four-book series that supports early learners in the first stages of English language development. It emphasizes communicative picture-based activities that practice and reinforce grammar points. The pictorial method used in this book is based on a thorough understanding of language structure and how language is successfully learned. Each eight-page unit in the *Happy Grammar* series includes two lessons.

Grammar Target

Each lesson begins with a visual representation of the grammar concept where students can easily learn the fundamentals of English grammar. The grammar presentation is then followed by several pages of exercises.

This page is titled 'Lesson 1' and features a 'Grammar Target' section with icons for 'Present Simple', 'Present Continuous', and 'Present Perfect'. Below this, there are two columns of exercises. The first column contains a 'Read and write' section with a list of activities and a 'Write' section with a list of activities. The second column contains a 'Listen and write' section with a list of activities and a 'Write' section with a list of activities.
